

Bullrush

Lisa and Michele, lead singers of BULLRUSH bring to the studio and stage a refreshing mix of contemporary country, sweet harmonies, and sass. They are just like real sisters, sharing a warm friendship along with an uncanny blend of sibling harmony. Proud to be from Saskatchewan, these girls embrace the music they love and felt destined to sing: COUNTRY!!!

Bullrush has released 3 Country singles so far... "Human", "Picking Daisies" and "Mine" all of which have charted successfully in the top 50 or lower on the Canadian Country charts. The girls record with CCMA award-winning record producer Bart McKay and a full album is in the works to be recorded in early 2012. These performers show such passion and energy in their live shows, that they just may make you go home a little more "Country"!!!
